Modern Management of Perinatal Psychiatric Disorders Carol Henshaw, John Cox, Joanne Barton

The management of mental health problems is a core component of maternity care. Pregnancy and childbirth may be accompanied by recurrence of pre-existing psychiatric problems, and conditions such as postnatal depression and puerperal psychosis may arise following delivery. Correct management of these problems is essential for both the mother and the developing infant. This book provides a comprehensive overview of mental health problems associated with pregnancy and the year after delivery. Key topics covered include: issues for children and families; screening for and prevention of mental disorders in relation to childbirth; prescribing in pregnancy and lactation; transcultural issues.
