How to Take a Patient's Medical History -- A Handbook on Chinese Medical Terminology (English and Chinese Edition) Annelies Wilder-Smith

Over the past two decades, China has welcomed doctors from overseas to come and share in its opening and development. Medical service in China is not possible without knowing the Chinese language. For visiting medical experts with little knowledge of the Chinese language, this book can be used in any given clinical situation to help obtain a patient's medical history, examine, investigate and treat patients, and to give advice. Doctors who treat Chinese-speaking patients will also find this bilingual (English-Chinese) book useful. The focus is on practising phrases commonly used in daily clinical work.
