**Referred Pain: Stories** Lynne Sharon Schwartz

**Everyone has a face that they show to the outside world—but our thoughts, fears, and perversions lie just beneath**

“Referred pain” describes the sensation of pain, not at the actual point of injury, but somewhere else in the body. This disorientation of the senses is felt, in one way or another, by many of the characters in this collection from Lynne Sharon Schwartz, one of America’s foremost chroniclers of contemporary life.

In the title novella, a son of Holocaust survivors circumvents his discomfort over his parents’ history through a Kafkaesque series of dental procedures. In another story, a professor’s sexual attraction to one of his students leads him down a twisted path of misplaced identity. Laced with Schwartz’s satirical, acidly intelligent wit, *Referred Pain* displays the peak of her ability.

### From reader reviews:

#### Angel Garcia:

What do you concerning book? It is not important to you? Or just adding material when you want something to explain what the one you have problem? How about your free time? Or are you busy man or woman? If you don't have spare time to do others business, it is make one feel bored faster. And you have time? What did you do? Every person has many questions above. They have to answer that question because just their can do in which. It said that about reserve. Book is familiar in each person. Yes, it is appropriate. Because start from on pre-school until university need that Referred Pain: Stories to read.

#### James Dungan:

Playing with family within a park, coming to see the sea world or hanging out with good friends is thing that usually you might have done when you have spare time, and then why you don't try thing that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Referred Pain: Stories, you can enjoy both. It is excellent combination right, you still need to miss it? What kind of hang-out type is it? Oh occur its mind hangout guys. What? Still don't understand it, oh come on its named reading friends.

#### Eric Freeman:

Many people spending their time period by playing outside with friends, fun activity together with family or just watching TV the whole day. You can have new activity to spend your whole day by reading through a book. Ugh, do you consider reading a book can definitely hard because you have to bring the book everywhere? It all right you can have the e-book, taking everywhere you want in your Smart phone. Like Referred Pain: Stories which is finding the e-book version. So , why not try out this book? Let's see.

#### Williams Carter:

Do you like reading a book? Confuse to looking for your favorite book? Or your book ended up being rare? Why so many problem for the book? But just about any people feel that they enjoy intended for reading. Some people likes studying, not only science book but additionally novel and Referred Pain: Stories or even others sources were given expertise for you. After you know how the great a book, you feel need to read more and more. Science reserve was created for teacher or maybe students especially. Those textbooks are helping them to put their knowledge. In other case, beside science book, any other book likes Referred Pain: Stories to make your spare time much more colorful. Many types of book like this.
