Applied Nonparametric Statistical Methods, Fourth Edition (Chapman & Hall/CRC Texts in Statistical Science)

Peter Sprent, Nigel C. Smeeton

Applied Nonparametric Statistical Methods, Fourth Edition (Chapman & Hall/CRC Texts in Statistical Science) Peter Sprent, Nigel C. Smeeton

While preserving the clear, accessible style of previous editions, **Applied Nonparametric Statistical Methods, Fourth Edition** reflects the latest developments in computer-intensive methods that deal with intractable analytical problems and unwieldy data sets.

Reorganized and with additional material, this edition begins with a brief summary of some relevant general statistical concepts and an introduction to basic ideas of nonparametric or distribution-free methods.

Designed experiments, including those with factorial treatment structures, are now the focus of an entire chapter. The text also expands coverage on the analysis of survival data and the bootstrap method. The new final chapter focuses on important modern developments, such as large sample methods and computer-intensive applications.

Keeping mathematics to a minimum, this text introduces nonparametric methods to undergraduate students who are taking either mainstream statistics courses or statistics courses within other disciplines. By giving the proper attention to data collection and the interpretation of analyses, it provides a full introduction to nonparametric methods.

From reader reviews:

Homer Smith:

As people who live in the particular modest era should be upgrade about what going on or details even knowledge to make these individuals keep up with the era which can be always change and advance. Some of you maybe will probably update themselves by reading books. It is a good choice in your case but the problems coming to you is you don't know what one you should start with. This Applied Nonparametric Statistical Methods, Fourth Edition (Chapman & Hall/CRC Texts in Statistical Science) is our recommendation to help you keep up with the world. Why, because this book serves what you want and want in this era.

Billie Luster:

Now a day those who Living in the era wherever everything reachable by connect to the internet and the resources within it can be true or not call for people to be aware of each facts they get. How people have to be smart in receiving any information nowadays? Of course the answer then is reading a book. Looking at a book can help men and women out of this uncertainty Information particularly this Applied Nonparametric Statistical Methods, Fourth Edition (Chapman & Hall/CRC Texts in Statistical Science) book as this book offers you rich data and knowledge. Of course the knowledge in this book hundred per-cent guarantees there is no doubt in it you know.

Wendy Clark:

Many people spending their moment by playing outside having friends, fun activity using family or just watching TV 24 hours a day. You can have new activity to pay your whole day by examining a book. Ugh, do you consider reading a book can really hard because you have to bring the book everywhere? It ok you can have the e-book, bringing everywhere you want in your Touch screen phone. Like Applied Nonparametric Statistical Methods, Fourth Edition (Chapman & Hall/CRC Texts in Statistical Science) which is keeping the e-book version. So , why not try out this book? Let's notice.

Kelsey Jimenez:

Reading a guide make you to get more knowledge from the jawhorse. You can take knowledge and information originating from a book. Book is published or printed or illustrated from each source this filled update of news. Within this modern era like today, many ways to get information are available for an individual. From media social including newspaper, magazines, science reserve, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Do you want to spend your spare time to spread out your book? Or just trying to find the Applied Nonparametric Statistical Methods, Fourth Edition (Chapman & Hall/CRC Texts in Statistical Science) when you desired it?
