Biology: The Core Eric J. Simon

Note: You are purchasing a standalone product; MasteringBiology does not come packaged with this content.

(Intended for Non-Majors Biology/Introductory Biology (non-majors/mixed))

Eric Simon's **Biology: The Core** combines a 12-chapter textbook and robust content in MasteringBiology to offer a flexible new teaching and learning package that engages you with concise writing, beautiful and effective visuals, and outstanding interactive digital resources.

This program offers an innovative teaching and learning experience by helping instructors and students:

- **Revolutionize teaching in and out of the classroom:** The unique hybrid integration of the book with MasteringBiology allows your instructor the flexibility to teach the course just the way they want via a medium that caters to the way you learn.
- **Emphasize the big picture:** *The Core's* concise modules focus your attention on the most important concepts and encourage you to see the relevance of biology to everyday life. Each module provides just enough information to help you understand the subject.
- **Achieve a basic understanding of biology:** *The Core* combines dynamic figures and illustrations with supporting narrative as the primary source of instruction to create a more engaging and accessible learning experience. Engaging and effective activities in MasteringBiology help you further visualize and understand complex biological processes.

MasteringBiology is not a self-paced technology and should only be purchased when required by an instructor.

If you would like to purchase both the physical text and MasteringBiology search for ISBN-10: 0321744144/ISBN-13: 9780321744142. That package includes ISBN-10: 0321735862/ISBN-13: 9780321735867 and ISBN-10: 0321833406/ISBN-13: 9780321833402

From reader reviews:

Theresa Wilkins:

Typically the book Biology: The Core will bring that you the new experience of reading any book. The author style to clarify the idea is very unique. In case you try to find new book to study, this book very ideal to you. The book Biology: The Core is much recommended to you to learn. You can also get the e-book through the official web site, so you can more easily to read the book.

Kerry Erdman:

Playing with family inside a park, coming to see the ocean world or hanging out with buddies is thing that usually you may have done when you have spare time, and then why you don't try factor that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Biology: The Core, you may enjoy both. It is great combination right, you still wish to miss it? What kind of hang-out type is it? Oh can happen its mind hangout fellas. What? Still don't get it, oh come on its named reading friends.

Raquel Black:

Is it you actually who having spare time subsequently spend it whole day through watching television programs or just telling lies on the bed? Do you need something totally new? This Biology: The Core can be the solution, oh how comes? It's a book you know. You are therefore out of date, spending your free time by reading in this brand-new era is common not a nerd activity. So what these guides have than the others?

Terry Pullen:

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just tiny students that has reading's internal or real their hobby. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading really. Any students feel that looking at is not important, boring in addition to can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Biology: The Core can make you experience more interested to read.
