Building Resilience in Children and Teens: Giving Kids Roots and Wings Kenneth R. Ginsburg

This invaluable guide from bestselling author and pediatrician Kenneth Ginsburg, MD, FAAP, offers coping strategies to help children and teens deal with stress due to academic pressure, high achievement standards, media messages, peer pressure, and family tension.

Recommendations guide parents to help kids from the age of 18 months to 18 years build the seven crucial “C’s”—competence, confidence, connection, character, contribution, coping, and control—needed to bounce back from life's challenges.

This book provides a wide range of tactics, including building on natural strengths, fostering hope and optimism, avoiding risky behaviors, and taking care of oneself physically and emotionally. This edition includes new chapters on the topic of grit, stress and how one's perception of stress affects what stress really is, toxic stress, and the protective role of nurturant adults. It also addresses the issue of adolescents responding to stress by either indulging in unhealthy behaviors or giving up completely, and the suggested solutions are aimed at strengthening resilience.
