Even when a person is inspired to change, it is not always clear how to go about it. This book explains how to improve a relationship, and how to solve specific problems.

What is unique about the book is the use of line drawings that make clear what is actually happening within each person when a difference occurs.

Specific steps describe in detail how to make changes in the relationship, and reach creative solutions to problems.

A Check List For Problem Solving is included.

Realistic dialogues demonstrate the responses that bring about both a better understanding of the other person, and insight into ourselves.
