Lawyering for the Rule of Law: Government Lawyers and the Rise of Judicial Power in Israel (Cambridge Studies in Constitutional Law) Yoav Dotan

Lawyering for the Rule of Law introduces a new model of government lawyering in which government lawyers function as an ancillary mechanism that enables the court to expand its influence on policy-making within the political branches by forming out-of-court settlements. It discusses the centrality of government lawyers with regard to judicial mobilization and the enforcement of social reforms through adjudication, and sheds light on particular functions of government lawyers as adjudicators and facilitators of institutional arrangements. It also discusses the ethical and professional dilemmas of government lawyers in judicial review and the relationship between lawyers' professional morality and outcomes in litigation.
