Secrets of an Alkaline Body: The New Science of Colloidal Biology Annie Padden Jubb, David Jubb
This book provides a scientific explanation for cancer through an analysis of the blood. The Jubbs explain how LifeFood nutrition—a diet rich in vegetarian foods found wild in nature and served uncooked—can detoxify and rejuvenate the body. Included are four herbal formulas for making colloidal medicines for proper hydration. These alkaline beverages can be readily absorbed to purify "dirty blood"—acidic and full of toxins—making the body inhospitable to cancer. *Secrets of an Alkaline Body* is informatively illustrated and includes testimonials from clients who have successfully cleared cancer from their bodies using the Jubbs' techniques.
