The Intelligent Asset Allocator: How to Build Your Portfolio to Maximize Returns and Minimize Risk: How to Build Your Portfolio to Maximize Returns and Minimize Risk William J. Bernstein

“Bernstein has become a guru to a peculiarly ’90s group: well-educated, Internet-powered people intent on investing well—and with minimal ‘help’ from professional Wall Street.”

--**Robert Barker, BusinessWeek**

William Bernstein is one of today’s most unlikely financial heroes. A practicing neurologist, he used his self-taught investment knowledge and research to build a popular investor’s website. Now, in the plain-spoken *The Intelligent Asset Allocator*, he shows independent investors how to build a diversified portfolio—without the help of a financial advisor. A breath of fresh air for investors tired of overly technical investment tomes, this book will help investors:

- Learn the risk/reward characteristics of various investment types
- Understand and apply portfolio theory for an improved risk/reward ratio
- Sharpen their focus, and take control of their investment programs

William Bernstein runs a website—www.efficientfrontier.com—known for its quarterly journal of asset allocation and portfolio theory, *Efficient Frontier*.
