Thomas Merton: Selected Essays

Thomas Merton, the Trappist monk who died in 1968, was one of the greatest spiritual writers of the twentieth century. His published works include a hundred volumes in many genres. But it was perhaps in the essay form that Merton found his natural element. This volume is the first to provide a broad cross-section of Merton's work as an essayist, collecting characteristic examples of his astonishing output and the range of his interests—from Faulkner and Zen to nuclear war and the contemplative life.
