In this release, I teamed up with another alpha geek, and all around "I want all the data" person, Tcat Houser. The end result is you will not find another A+ Operating System Technology book with more geekie details, if you need them. While we have kept the tone as light as possible, a great deal of serious research has been done to demystify obscure details with in this publication. If you are already in networking, and don't want/need a certification/reference/killer idea book, try the ExamWise to A+ Operating System ISBN # 1-59095-262-6 from TotalRecallPress.
