## **The Hidden Message of the Lost Gospel of Thomas: Exploring the Ancient Practice of Unitive Christianity** Kim Beyer

Previously published as *Yeshua's Yoga, The Hidden Message of the Lost Gospel of Thomas* unearths the central teaching of this ancient text. The Gospel of Thomas, re-discovered in Nag Hammadi Egypt in 1945, remains one of the most exciting archaeological finds of recent centuries. But how prepared are we to approach this text on its own terms? How accurately are we able to discover what it is saying, immersed as we are in 2000 years of Platonic and dualistic Christian orthodoxy? Thanks to the influx of Eastern knowledge and the new crop of Western teachers willing to re-approach their Christian tradition as the Eastern wisdom teacher that Jesus was, we may finally be able to see the meaning and philosophical structure of this once-beloved and truly remarkable Christian text. The Gospel of Thomas delineates the Way of Yeshua, a spiritual path that guides us through six clear movements of searching, finding, trouble, wonder, reigning, and rest. The resonance with classic Yogic paths makes this document the bridge many searchers need to reconcile and fully embrace the wisdom of both the East and the West.
