Coping With Cross-Examination and Other Pathways to Effective Testimony

Stanley L. Brodsky

Coping With Cross-Examination and Other Pathways to Effective Testimony Stanley L. Brodsky

In his latest collection of essays for forensic psychologists, Stanley L. Brodsky extends the lessons of his popular *Testifying in Court* series by focusing on the cross-examination, the trial phase that expert witnesses dread most. A leading teacher, scholar, and expert witness, Dr. Brodsky offers lessons and advice from the trenches to defuse the vulnerability psychologists may feel on the witness stand.

More than 50 brief essays, each summarized by a maxim, teach readers about the typical techniques attorneys use to challenge experts' credibility and the basis of their opinions. Pointers on preparation and effective narrative style are included, backed by findings from the emerging literature on the assessment of expert testimony.
