Italian Journeys: From Venice to Naples and Beyond William Dean Howells

When Abraham Lincoln appointed William Dean Howells Consul to Venice, the young writer embarked on a journey that would leave an indelible impression on his life and work. Howells lived in Italy for four years, from 1861, during the pivotal and tumultuous period of Italian reunification. *Italian Journeys*, Howell's engrossing memoir of this time, describes his adventures across the country - from Genoa, a hotbed of nationalistic fervour and the city from which Garibaldi had led the Expedition of the Thousand only a year before; to the cultural and political powerhouse of Naples, which had only just become part of the Kingdom of Italy and from there to Rome, focus for the hopes of a fractured country. Travelling by land and sea, Howells was inspired at every turn - as much by the fevered events of the time as by the cultural and historical wealth of the country - and his beautifully-rendered portrait has become a classic of travel literature, essential for all those who, like him, have loved Italy.
