Jacob's Room (The Art of the Novella)

Virginia Woolf

Jacob's Room (The Art of the Novella) Virginia Woolf

He left everything just as it was.... Did he think he would come back?

Jacob's Room was the first book in Virginia Woolf's unique, experimental style, making it an important text of early Modernism. Ostensibly, the story is about the life of Jacob Flanders, the title character, who is evoked purely by other characters' perceptions and memories of him. Jacob remains an absence throughout. Elegiac in tone, the work beautifully memorializes the longing and pain of a generation that lost so many of its most promising young men to World War I.

Upon its release E.M. Forster remarked, "amazing.... a new type of fiction has swum into view."

The Art of The Novella Series

Too short to be a novel, too long to be a short story, the novella is generally unrecognized by academics and publishers. Nonetheless, it is a form beloved and practiced by literature's greatest writers. In the Art Of The Novella series, Melville House celebrates this renegade art form and its practitioners with titles that are, in many instances, presented in book form for the first time.
