**Nas tramas da "escassez" (Portuguese Edition)** Fabício Herbeth Teixeira da Silva

A trajetória de pesquisa de Fabício Herbeth é um exemplo de trabalho árduo no campo da história viva. Este é um livro em que a história é também um reflexo do cotidiano, porque o autor faz questão de ressaltar que o interesse pelo tema da carne verde, foi despertado por problemas contemporâneos de aumento do custo da carne e das preocupações com a saúde pública alimentar.

Estas são questões-guia, que conduziram Fabício Herbeth aos primeiros anos da República no Pará, período de forte expansão da economia da borracha na Amazônia. O crescimento vertiginoso da população de Belém, neste período, decorrente de ondas migratórias motivadas pela economia gomífera, esteve implicado com o problema de abastecimento de carne fresca.

Tudo isto é apresentado e fundamentado por um extenso e crítico levantamento documental, ao mesmo tempo em que é acompanhado por debates reveladores com a historiografia regional e nacional, voltada para este tema. Tudo isso faz deste livro obra fundamental tanto para historiadores da alimentação, como para os interessados nos problemas do abastecimento regional. O livro é um exemplo de história viva, a qual nos ajuda a entender o mundo em que vivemos e que desejamos para o futuro.
