It's Watergate. On servers.

On the eve of the presidential election, a conspiracy threatens to alter the outcome of the vote—and the future of American politics. At the heart of the plot is a powerful computer program, aimed at rooting out hypocrisy among politicians to expose their truths . . . and ours. Left to unravel the conspiracy is a bitter, hotheaded former journalist, but he's just not sure he cares enough to get to the bottom of it.
