**From Book 1:** Combining all the excitement of international espionage and all the awkwardness of elementary school, NERDS, featuring a group of unpopular students who run a spy network from inside their school, hits the mark. With the help of cutting-edge science, their nerdy qualities are enhanced and transformed into incredible abilities! They battle the Hyena, a former junior beauty pageant contestant turned assassin, and an array of James Bond–style villains, each with an evil plan more diabolical and more ridiculous than the last.
