Colin Flint, Peter J Taylor

**Political Geography: World-economy, Nation-state and Locality** Colin Flint, Peter J Taylor

We live in a rapidly changing world in which politics is becoming both more and less predictable at the same time: this makes political geography a particularly exciting topic to study.

To make sense of the continuities and disruptions within this political world requires a strongly focused yet flexible text. This new (sixth) edition of Peter Taylor's *Political Geography* proves itself fit for the task of coping with a frequently and rapidly changing geo-political landscape. Co-authored again with Colin Flint, it retains the intellectual clarity, rigour and vision of previous editions, based upon its world-systems approach.

Reflecting the backdrop of the current global climate, this is the *Empire, globalization and climate change* edition in which global political change is being driven by three related processes: the role of cities in economic and political networks; the problems facing territorially based notions of democratic politics and citizenship, and the ongoing spectre of war.

This sixth edition remains a core text for students of political geography, geopolitics, international relations and political science, as well as more broadly across human geography and the social sciences.

#### **Aaron Williams:**

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library or to make summary for some publication, they are complained. Just tiny students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that reading through is not important, boring along with can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word

says, many ways to reach Chinese's country. Therefore , this Political Geography: World-economy, Nation-state and Locality can make you really feel more interested to read.
