Time and the Tapestry: A William Morris Adventure Phyllis Saroff, John Plotz

What kind of adventure begins in the living room on a rainy Monday afternoon? It depends. Say you just found out that Granny, who raised you, is going to lose her house because there's nothing valuable left to sell except an unfinished tapestry. And say that your pet blackbird Mead starts talking and swells up to the size of large motorcycle, and that you suddenly find yourself on his back falling into what you could have sworn was just an old rug covered with pictures of knights galloping through forests. If that's your situation, then this adventure could be weirder, scarier, and more amazing than anything you ever imagined. *Time and the Tapestry* tells the story of a 13 year old, would-be artist Jen and her not-quite-as-nerdy-as-he-used-to-be- 10 year old brother Ed. They find themselves adrift in 19th century England, unable to make their way back home until they've gathered the missing pieces to make that tapestry whole. It's great that they can ride on Mead's back. But not so great that his feathers are falling off, too fast to count. Great that they keep meeting up with the rugmaker himself, Jen's hero, British radical William Morris. But not so great that he always seems to be yelling at somebody or tossing something at them. Great that as they travel from London to Oxford to Iceland, they begin to figure out a way to save the Tapestry (and Granny's house along with it). But downright terrifying that Mead's going to be grounded soon, leaving them trapped with Morris and his wacky daughter May in a Victorian London that may be filled with cranky artists and loveable animals, but....it's a long long way from home. The scenes set in Canterbury, Oxford, the English countryside, Trafalgar Square, Iceland, and Boston will enchant those drawn to the tapestry of history. Along with its magnificently detailed illustrations, this expertly woven tale threads together the best of classical fantasy with a tale of modern-day adventure that will captivate readers of all ages. First-time children's book author John Plotz--who's spent years studying, teaching, and dreaming about William Morris--brings the story of Arts and Crafts to life with a yarn about a world where the power of imagination may just be strong enough to bring dragons, flying birds and enchanted books to life.

It should be here for anyone. So , don't miss the idea! Just read this e-book variety for your better life and knowledge.

Christopher Williams:

As a university student exactly feel bored for you to reading. If their teacher inquired them to go to the library or make summary for some e-book, they are complained. Just small students that has reading's heart

or real their hobby. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that studying is not important, boring along with can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Time and the Tapestry: A William Morris Adventure can make you experience more interested to read.
